Facilitator Instructions

Print copies of the document "Village of 100 4th Edition Activity Sheet" and distribute to your group. Use the PowerPoint presentation to control the speed at which the viewers are allowed to answer the questions, or allow the viewers time to fill in the blanks on their own. Thinking of the Earth as a village of 100 puts our own experience into perspective. In some areas, it reminds us that not everyone can take the basics for granted, and in other ways, it demonstrates

our commonality. Most of all, it helps us to have tolerance, understanding, and compassion for those with whom we share our world.
